The Power of Connection

Unleash the power of human connection at your next company event, with this **powerful keynote**.

Introducing Di Gates

Fuelled by her mission to unleash the power of human connection in workplaces across the world, Di is the founder of Connection Heroes - an innovative training provider that helps organisations strengthen connection, communication and collaboration in today's fast-paced, distributed world.

Di's passion for connection comes from 25+ years of running businesses, leading remote innovation teams and driving complex organisational change programmes.

Combining agile values, human-centred design, evidence-based neuroscience, and organisational psychology, Di's work is helping leaders create happier, healthier, high-performing teams.

Di's keynotes condense and share her insights and energy to inspire whole companies to unleash the power of human connection across their own teams, especially through periods of change and growth.

The Power of Connection

Di's inspiring keynote, The Power of Connection, challenges your people to imagine what's possible when they operate as a truly connected team — where everyone feels seen, heard, valued and trusted.

Your people will gain fresh personal insight and learn practical techniques to help them “stay in the green zone”, where they can be better leaders, managers and colleagues - even in fast-paced, high-stress hybrid environments.

When time and space permits, the session incorporates moments of physical interaction to boost energy and connection, with digital participation options for larger, virtual and hybrid audiences.

Your people will leave more self-aware, more connected and more confident in what they can achieve together.

You'll spark meaningful conversation, fresh thinking and a buzz that endures long after the session ends.

Testimonials

Happy clients include...

Company Leaders say...

“Di delivered a thoughtful and highly engaging session at our Company Conference on the power of human connection.”

“The content landed strongly, we had consistently positive feedback from across the business, and people were already talking about how to apply her ideas in their day-to-day work.”

“What stood out was Di’s ability to translate well-grounded thinking into something practical, relatable and relevant.”

“It gave our people space to reflect, challenged some assumptions, and sparked meaningful conversations that continued well beyond the event itself.”

Attendees say...

“The most useful 60-minute workshop of my entire career.”

“A brilliant talk that really got us thinking about human connection and how we get the best out of one another.”

“Absolutely fantastic talk ... really thought-provoking and relevant”

“The session was interesting, informative and thought provoking - thank you!”

“Really helpful and inspirational session. Di is amazing.”

“Keep doing what you're doing, its important!”

Let's Connect!

The Power of Connection can be tailored to suit speaking spots between 45 and 90 minutes.

It can be delivered in-person, online, or hybrid.

Our planning calls make sure I understand the context for delivery, including your key business challenges and goals, so I can tailor the talk to really land with your team.

The delivery cost is £2500+VAT, plus expenses if needed.

Thanks for reaching out, and I hope we can speak soon!
